Created by EQ-i 2.0 Master Trainer Drew Bird of The EQ Development Group, the Emotionally Effective Leader Workshop is based on 20+ years of experience in Talent Assessment and Emotional Intelligence.

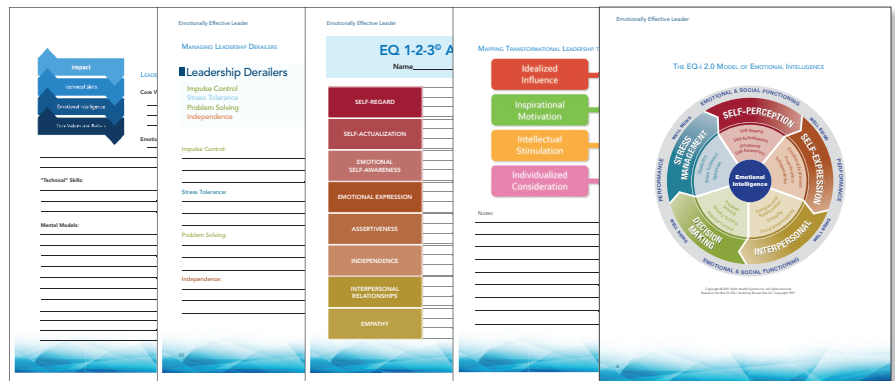

Leveraging results from leaders' EQ-i 2.0® Leadership Reports, participants of this session will learn the importance of emotional intelligence in effective leadership and leave with a better understanding of their strengths and areas to develop to enhance leadership skills, as well as an action plan on how to increase effectiveness.

"This is a really well designed workshop - it is active and applied. I really enjoyed teaching it and my participants were fully engaged. I was worried it would be content-heavy with a lot of lecturing, but it really emphasized active-learning."
